SEA WASP'S LONG TRIP.

Submarine that Sank Triumph Traveled 3300 Miles to do It.

BY ATLANTIC CABLE AND A. P. I.

AMSTERDAM (via London) May 28.—A dispatch received here today from Berlin says that Capt. Persius, the naval expert, writing in the Berlin Tageblatt in praise of the exploit of a German submarine in the sinking of the British battleship Triumph off the Dardanelles, says that this small under-sea boat must have cruised upward of 3300 miles from the North Sea around Gibraltar to the Dardanelles and all under her own power, without stopping at a supply station.

NEW PRESIDENT FOR PORTUGAL.

DR. ABEL PINHO WILL ACT UNTIL THE ELECTIONS TAKE PLACE IN JUNE.

BY ATLANTIC CABLE AND A. P. I.

LISBON (via Paris) May 28.—Dr. Abel Pinho, president of the High Court of Justice, probably will act as President of Portugal until the expiration of the term of Manuel de Arriaga, who has resigned his office. Congress has adopted an electoral bill fixing June 15 as the date for a general election. A ministerial declaration read yesterday at the session of the deputies stated that perfect calm prevailed throughout the country. It closed with an appeal to all Portuguese to give their country a government worthy the traditions of the nation.

AMSTERDAM, May 28 (via London).—The Berlin Lokal Anzeiger states that Italian troops in considerable force have landed on the Turkish island of Rhodes in the Aegean Sea.

Rhodes is about 200 miles south of the Dardanelles. No official report has been received of a declaration of war between Turkey and Italy. The island of Rhodes has been in the possession of the Italian authorities since the Turkish-Italian war. The island was occupied by Italian forces on May 4, 1912, without opposition on the part of the Turkish garrison, which was captured.

At the conclusion of peace between Italy and Turkey, a treaty was signed in which Italy engaged to restore to the Aegean Islands, including Rhodes, occupied by her troops, but on the condition that a general amnesty be granted to their inhabitants, that local autonomy be respected and that public liberty be guaranteed. If Turkey failed to fulfill these conditions Italy reserved to herself the right of taking action against the Porte, and the islands were not to be restored until such agreement respecting them was carried out.

THE LONDON REVIEW.

LONDON, May 28, 10:40 p.m.—The success of the German submarines in their attacks on the British fleet supporting the army on the Gallipoli Peninsula, which has resulted in the sinking of the battleships Triumph and Mauretius, and the ever-increasing activity of these boats in the waters around the British Isles and the threat to carry the war to the Suez Canal, while they have not caused any great uneasiness in naval circles here, have brought the officials to a realization of the great danger that will exist if Germany is able largely to increase her fleet of U-boats.

Today came reports of the sinking of the British steamers Cadby and Spennymoor and the Swedish bark M. Rosvall and a statement that the big liner Argyllshire was chased and fired upon by an under-sea boat, but succeeded in escaping and reaching Haifa.

Trade to and from British ports goes on as though there were no submarine danger, and it is stated that there will be no interruption in the operations in the Dardanelles. The fleet there will have to assist the army on the Gallipoli Peninsula, taking chances of destruction by submarines and mines or shell fire.

The Turks and their German officers probably will have another invasion to meet before long. "Unofficial reports reaching here tonight are that the Italians have landed on the island of Rhodes, off the coast of Asia Minor, while a cruiser has been in the Gulf of Kos, on the mainland of Asia Minor coast."

There has been little or no change in the situation on the eastern or western battle fronts. The Austrians and Germans claim to have made a further advance in their operations. The aim of which is the encircling of Przemyśl, although they are meeting with very stubborn resistance on the part of the Russians.

In the west the French offensive north of Arras is still in progress, but the advance by the allied troops seemingly is not so fast as it was when the attack was first launched. The British also are engaged north of La Bassée, and are almost continuously occupied in resisting German attacks around Ypres, the capture of which place is said to have cost the Germans an enormous number of men.

The Italians claim to have made further advances into Austrian territory in Tyrol, the Trentino and Triest, but no important battle has yet been fought in this southwestern theater of the war.

Executive Revives Talk of Intervention South of the Rio Grande on the Same Day that He Appeals for Funds to Relieve Distress of the Victims of the Many Revolutions—May Use Army and Navy in Red Cross Work.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

PRESIDENT WILSON'S APPEAL TO SAVE STARVING MEXICO.

WASHINGTON, May 28.—President Wilson, as head of the American Red Cross, today issued an appeal to the American people to contribute money and supplies of food for the relief of starving Mexicans.

The President's appeal follows: "The American people with characteristic generosity and an impartial spirit of brotherhood with all nations have contributed liberally for the relief of the appalling sufferings caused by the unprecedented war in Europe."

"There has now risen a condition of equally great suffering and need close to our borders. Due to several years of internal disturbance, the unfortunate people of many parts of Mexico have been reduced to the verge of starvation, and unless assistance is rendered them, many may die for lack of food."

"The American Red Cross is ready to undertake relief work for the benefit of Mexican people. I appeal most earnestly to our people, therefore, to contribute both money and supplies of food to mitigate the suffering and misery so close at hand. All contributions in money may be sent to the American Red Cross, Washington, or to its local treasurers. Those who are able to contribute corn, rye, beans or flour are requested to communicate with the American Red Cross headquarters, Washington, for instructions."

[Signed] "WOODROW WILSON."

notice that unless the distress of the starving Mexican people is speedily relieved, and an orderly government established, it will be necessary to employ the American army and navy and to adopt such measures as seem advisable for the relief of the innocent victims of anarchy.

(3) The United States does not intend to annex Mexico and will intervene, as a last resort, no longer than is necessary to relieve the distress of the people and establish a stable government.

(4) The administration deems it imperative to act at once to supply ample food in those districts of Mexico where starvation impends and will send troops if necessary to protect the shipment and delivery of supplies.

(5) If any one of the factional leaders is able to establish an orderly government he will be recognized as President of Mexico by the United States and aided in the relief of distress.

STOP GERMANS ON RIVER SAN.

Reverse at Hands of Russians Admitted by Berlin.

Activity Along the Baltic, Report of Petrograd.

Trojans Use Large Shields in Fight at Przemysl.

(BY ATLANTIC CABLE AND A. P.)

BERLIN, May 28 (via London).—A reverse at the hands of the Russians in the fighting along the River San in Central Galicia, is announced in today's statement from the War Office. It is said the Germans in the region of Sienawa, on the left bank of the river were forced back and lost six cannon. The German positions, according to this announcement were not defended by strong forces.

The text of the statement follows: "The western theater. Fourteen officers and 1450 Frenchmen were taken prisoners and six machine guns captured since May 9. These belonged to the French Army Corps operating at a vital point where attempts were made by the enemy to break through our lines northeast of the Lorette ridge. South of the Lorette ridge the French renewed attacks on parts of our line last night, but were repulsed.

"At Abbeville battle is raging. The enemy also attacked in the forest of Le Pretre last night. After prolonged artillery preparation and bitter hand-to-hand fighting the engagement ended in a severe defeat for the French.

"In the Vosges Mountains the enemy succeeded in establishing himself in a small trench, forming part of our position to the southwest of Metz.

"French attack at Reichsackerkopf, north of Muehlbach, was easily repulsed.

"Eighteen French aviators yesterday attacked the open town of Ludwigshafen (Bavaria). Several civilians were killed or wounded by bombs. The material damage done by the raiders was slight. The leading armored aeroplane was forced to land at a point east of Neustadt and afterwards the commander of the squadron of aircraft also fell into our hands in the neighborhood of Nancy. Off aeroplanes caused a separate aeroplane to fall at Epinal and they set fire to the barracks at Germering (eighteen miles south of St. Die).

"In the eastern theater: 'On the Dnieper our troops again commenced the offensive. An attack conducted on both sides of the high road between Rodosky and Eriksa was crowned with good results. We captured 2150 Russians. On the remainder of this front Russian night attacks were repulsed at several places.

"In the southeastern theater: To stop the advance of the Teutonic allied troops the enemy tried with the forces brought forward from other theaters, to attack at several points on the right bank of the River San. These attempts failed. Only in the region of Sienawa were weak divisions forced back on the left bank of the San. On this occasion about six of our cannon could not be withdrawn in time.

"In the district northeast of Przemysl we are still progressing favorably on both sides of the River Wyszyna. In addition to booty reported May 25, about 9000 additional prisoners have been taken and five cannon and about twenty machine guns have been captured."

FIGHTING ON THE BALTIC.

(BY ATLANTIC CABLE AND A. P.)

PETROGRAD, May 28.—The Austro-German advance in Galicia having been checked, there appear new signs of widening German activity on the long fighting line from the Baltic southward. This front runs east of the Prussian borders, bends eastward to within thirty miles of Warsaw; and passes on into Southern Poland. Preliminary operations are now under way along this line. The most important of these operations are the resumption in a determined manner of the bombardment of Osnowitz and artillery battles and cavalry engagements near Szewno and generally along the Narva front. Here, as in the theatre before Warsaw, the German maneuvers have not developed sufficiently as yet to reveal whether they are preliminary to offensive operations of a serious character or merely constitute another of the numerous demonstrations which periodically develop and subside without affecting the situation materially.

Reports reaching Petrograd from the Galician front indicate that the Austro-German forces have encoun-

tered an unyielding wall in the Russian defense from Jaroslau all the way to the Rumanian frontier. Nevertheless, the Teutonic allies continue assaults over the whole length of this line with as great determination and energy as ever. Particularly strong German forces with heavy artillery are massing on the roads leading eastward in the direction of Lemberg. After violent artillery fire the Germans on Tuesday advanced to Tomonovitz, a village three miles east of Goussow, which lies southeast of Przemysl. After a fierce battle, which continued throughout the day, the Germans retired and according to Russian staff officers, lost 1000 dead behind them. The German soldiers led in the assault, sheltering themselves under large shields, but they were forced back by the fire of the Russians. At about the same time an attempt was made to break through the valley of the San near Radvyno, south of Jaroslau, but this failed. On Wednesday Russian positions along this whole region were subjected to fire of German artillery of all dimensions. The regions of Stry and Bolinea were also marked by battles of unusual violence.

DANISH STEAMER SUNK BY A MINE.

The Ely was bound from England for Sundsvall, Sweden, with a cargo of coal.

STEAMER CADEBY SUNK BY GUNFIRE.

(BY ATLANTIC CABLE AND A. P.)

PENANCE (Eng.) May 28.—The British steamer Cadeby has been sunk off the Scilly Isles by gunfire from a German submarine.

Her crew of eighteen men, together with the four passengers on board, took to the boats and were rescued by a fishing smack and brought into Newlyn, a fishing village near Penance. After firing a shot to halt the Cadeby the submarine ceased firing while the crew and passengers took to the boats. She then opened fire again. It required thirty shots to sink the vessel.

The steamer Cadeby was of 677 tons register and 225 feet long. She was owned in Glasgow.

GERMAN SIDE OF AIR RAID.

(BY ATLANTIC CABLE AND A. P.)

AMSTERDAM, May 28 (via London).—The Cologne Volks Zeitung has published a dispatch from a correspondent at Ludwigshafen, who gives the German version of the French air raid upon this city on the Rhine. The correspondent says that about 7 o'clock Thursday morning five or six aeroplanes appeared over the town. The noise of their motors awakened the people of Ludwigshafen, who were still asleep. The aeroplanes were calm and clear. Anti-aircraft machine guns were fired at the raiders, but the aeroplanes circled over the town and the Rhine and then flew to the westward, after having dropped many bombs. One bomb fell on the house of Town Councillor Zeuch, killing three persons and wounding five. The aeroplanes then flew to the westward, after having dropped many bombs. EIGHT THOUSAND PRISONERS TAKEN BY THE RUSSIANS.

(BY ATLANTIC CABLE AND A. P.)

PETROGRAD (via London) May 28.—The following official communication was issued tonight:

"In the Shavli region our troops have captured the strongly-fortified positions of Bubie, taking more than 1000 German prisoners.

"On the lower Dnieper there has been stubborn fighting.

"In Galicia the fighting on the San continues with the same intensity. On the night of May 27 our troops opened an energetic offensive against the enemy positions north and east of Sienawa, inflicting heavy losses. In the course of the day we captured his fortifications on the Pigry front, where the third Caucasian corps captured 6000 Austrians and Germans and six heavy guns and field guns.

Submarine Campaign Plan of the Ottoman Empire.

British Government Accused of Breaking its Word.

Marine Communication with Orient may be Cut.

(BY ATLANTIC CABLE AND A. P.)

LONDON, May 28.—The inference that the German-Turkish alliance proposes to begin a submarine warfare against vessels leaving the Suez Canal has been drawn from a note recently issued by the Turkish government.

Such a policy, it is felt here, might seriously menace marine communication between Europe and the Far East.

A message to the Reuter Telegram Company from Constantinople says the note in question, which is addressed to friendly neutral powers, reads:

"The Imperial Ottoman government, considering that the British government has not fulfilled its obligations, undertaken toward neutral powers by the convention of 1888 to keep no warships in the Suez Canal, but is even now fortifying this canal and that the French government, with hostile intent against the Ottoman empire, has landed troops in Egypt, has by these facts, been placed under the necessity of taking military measures for the protection of its imperial territory, of which Egypt forms part and to extend hostilities to the Suez Canal."

DENY SINKING OF PANTELEIMON.

(BY A. P. NIGHT WIRE)

WASHINGTON, May 28.—The Russian embassy has received a cablegram from the Chief of the Naval Staff at Petrograd categorically denying the report of the sinking by Turkish mines or submarine of the Russian battleship, Panteleimon, in the Black Sea. The cablegram declares that the Panteleimon has not been in action or exposed to Turkish fire and in fact has not for some time been free hand in Albania and a valuable part of Avion.

INVESTIGATING THE SACRAMENTO.

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, May 28.—Investigation of charges of neutrality violation against the American steamer, Sacramento, formerly the German ship Alexandria, was started today before the Federal grand jury.

The case was introduced to the effect that the Sacramento approached Manzanilla Island, off the coast of Mexico, on May 27, and the Sacramento is interned at Valparaiso, Chile. Her cargo was alleged to have been transferred to German troops.

INDORSEMENT OF WILLIAMS.

(BY ATLANTIC CABLE AND A. P.)

ST. LOUIS, May 28.—Following a debate of more than an hour the National Association of Supervisors of State Banks, in its session here today, adopted resolutions endorsing the policy of Comptroller of the Currency John Skilton Williams in the administration of the affairs of his office.

It took the delegates fully an hour and a half to act on the measure, which is construed as the most important thing which has occurred during the four-day convention.

Albert E. Kuell, Bank Commissioner of Wisconsin, was elected president of the association for the ensuing year, taking the place of Thomas J. Smith, Bank Commissioner of Kentucky.

William H. Williams of Kentucky, elected first vice-president, a promotion from the second vice-presidency; Charles A. Glavin of Utah rose to third vice-president; second; F. C. Williams of Vermont was elected third vice-president, and John M. Davis, Bank Commissioner of Arkansas, was made secretary-treasurer.

A. H. Turrill of Minnesota was elected chairman of the Executive Committee.

Louisville, Ky., was chosen as the meeting place for 1916.

VON BERNSTORFF SPURS BERLIN.

DECLARES AMERICAN PRESS IS IMPATIENT AT DELAY IN NOTE TO AMERICA.

(BY ATLANTIC CABLE AND A. P.)

LONDON, May 28.—A wireless dispatch received from Berlin today gives what purports to be a telegram from Count von Bernstorff, German Ambassador at Washington, to the Foreign Office in Berlin.

The telegram, as thus given, says that the American press is getting impatient about the delay in the answer to the American note, and states that "the anxiety has been increased by the sinking of the Nebraska, which is not yet explained."

In another telegram to the Foreign Office, Count von Bernstorff is quoted as saying that American packers and cotton exporters are urging Washington to take energetic measures against England, adding that "unofficial negotiations between State Department advisers and the British embassy has been broken off."

HOW GERMANY VIEWS ITALY.

KAISER'S CHANCELLOR SAYS SHE HAS VIOLATED HER FAITH.

(BY ATLANTIC CABLE AND A. P.)

BERLIN, May 28 (via London).—Dr. Von Bethmann-Hollweg, the German Imperial Chancellor, in a speech in the Reichstag today, touched on Italy's entrance into the war.

"Italy," said the Chancellor, "has now inscribed in the book of the world's history, in letters of blood which will never fade, her violation of faith. Nobody threatened Italy—neither we nor the Kaiser. Germany was content with blandishments alone, history will show later.

"Without a drop of blood flowing or the life of a single Italian being endangered, Italy could have secured the long list of concessions which I recently read to the House—territory in Tyrol and on the Isonzo, as far as Italian speech is heard, satisfaction of her national aspirations in Trieste, and free hand in Albania and a valuable part of Avion.

ITALIANS SEIZE HIGH MOUNTAIN.

Take Positions to Prevent an Austrian Invasion.

(BY ATLANTIC CABLE AND A. P.)

ROME, May 28 (via Paris).—The official reports from the front that the Italian Chief of Staff, General Cadorna, is attempting to carry out a well-defined movement for the occupation of the important points in the Alps, along the Giudicarie chain of the Lomellina Mountains, the Sugana Valley and the Carnia Alps. This movement, if accomplished, would place the Italians in an advantageous position to meet the Austrians if they should undertake any serious attack for the purpose of invading Italy. It would also permit the Italians to choose their own time and place for making an attempt to force the mountain passes and penetrate farther into Austria.

The occupation of Altissimo Mountain, which is 6790 feet high, is regarded as the most important achievement in carrying out this plan. This is the highest peak of the Baldo range, which extends for twenty-five miles on the eastern side of Lake Garda. Occupation of Altissimo Mountain means the domination of three important Austrian centers of communication, the Brenner, the Trento, and the Bolzano.

Unafraid of America.

(Continued from First Page.)

submit to the demands and draw back before the threats, must look upon war with America as a fact.

"In all calmness we submit that a war condition of this kind does not frighten the German empire or the people, who will, mainly follow a government. Trade between Germany and America has shrunk to microscopic dimensions.

"America would only be able to damage us by confiscating the trading ships left in her harbors and the other German property. Further dangerous deeds of war against Germany are not to be feared because they would be impossible. Nor do we forget there are certain interior difficulties in America.

On the other hand, the German submarine war against British trade will obtain growing results the longer and more energetically it is carried forward. Any stopping of this, only for a time, would have most important results. Any order to submarine commanders that they conform to any of the formal conditions laid down by the international law would mean the hindering of their actions and thus the submarine war of its possibilities in such a way would mean to give it up entirely and withdraw from it with apologies.

"The German undersea war is no improvisation, or sudden caprice, but a well-considered measure on a great scale. The German navy is carrying out a practical carrying out of the measure it is to be a tool of great value.

"America does not appear any more threatening to us than Germany. We have added to our enemies, Germany is not to be frightened by words and threats. We believe, every German expects the German empire to answer the American note by maintaining its position, by maintaining the submarine war.

"Let America, then, or not, do what she likes. We neither care for her bluffs nor for her deeds."

ART FROMME
AFTER A JOB.
Arthur Fromme, late of the
New York Giants, will soon be
a member of the Venice pitching
staff, according to an an-
nouncement made yesterday.
Fromme arrived here yester-
day, and immediately went
into conference with President
Maier. At the conclusion of the
meeting, it was stated that while
Fromme had not actually signed
his name to a contract, an
agreement had been reached.
The Giants recently turned
Fromme over to Jersey City, but
he did not want to play there,
and securing his release, came
to the Coast a free agent. He
wired Maier from Chicago three
days ago that he soon would be
in Los Angeles. It was only a
short time ago that Maier tried
to buy Fromme outright from
New York. At that time, Mc-
Graw would not listen to the
proposition. Now, if he is
signed by the Tigers, it won't
cost the Venice club a red cent.
Fromme pitched winter ball
for the Selects, and is a warm
personal friend of Maier's, and
was particularly desirous of get-
ting on with the Tigers since
he could not remain in the ma-
jors.

NEAREST RIVAL.

Harvard, Yale and Pennsylvania—
Philadelphia team was put out of
contending for the championship by
a loss in the first round. Cornell
lost to the Intercollegiate
Association of Amateur Athletes of
America. So evenly balanced is the
team that Cornell was able to qualify
for all the eleven events were held
and trial heats were held.
In the first round, Cornell
lost to the Intercollegiate
Association of Amateur Athletes of
America. So evenly balanced is the
team that Cornell was able to qualify
for all the eleven events were held
and trial heats were held.

With the exception of Lippincott
and Ferguson there were no im-
portant upsets. Roca of Yale, who
was entered in the shotput, was with-
drawn from this event.
A notable performance was that of
Foss, one of Cornell's pole vaulters.
He injured his wrist at the Pennsylv-
ania relay games a month ago and
appeared on the field today with it
bandaged up. Notwithstanding the
weakness of his arm, he qualified at
12 ft. for the final.
Ferguson's gameness in finishing
third in his first heat in the 220 hur-
dles relay games a month ago and
in going over the first barrier he tripped
and fell flat. He was more than ten
yards in the rear of the other three
when he got started again and
finished third by a great burst of
speed. The spill and extra exertion
told on him when he tried to qualify
in the heats for second and third
men.

SCHIFF WINS IN
QUEBEC BOUT.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
QUEBEC (Que.) May 28.—In the
first boxing match staged in Quebec
for two years Johnny Schiff, a Cali-
fornia featherweight, defeated Curley
Hume, Eastern Canada champion, be-
fore a crowd of 5000 tonight. Schiff
was awarded the verdict at the end
of the tenth round. Hume tried hard,
but he was outclassed by the speedy
Californian. Schiff scored three
knockdowns during the contest.

Umpire Baiting.
BAUM COMING SOUTH TO
INVESTIGATE WRANGLES.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
SAN FRANCISCO, May 28.—Pres-
ident A. T. Baum of the Coast
League quietly left San Francisco
today for Los Angeles. The league's
executive made no announcement of
the business that is taking him south,
but it is understood that an investi-
gation will be launched of the num-
erous disturbances that have taken
place so far in the Salt Lake-Los
Angeles series. In the main the Salt
Lake players have been accused of
umpire-baiting, and Manager C. J.
Blankenship is already under an in-
definite suspension for a run-in with
Umpire Jimmy Tomlin. Perhaps
other measures of discipline will be
taken by President Baum.

RICH PURSE FOR
HANDICAP RACE.
[BY A. P. NIGHT WIRE.]
LOUISVILLE (Ky.) May 28.—With
Andrew Miller's crack eastern 4-year-
old gelding, Roamer, carrying top
weight, 127 pounds, thirteen all-aged
horses probably will start in the third
annual running of the Kentucky
handicap, distance, one mile and a
quarter, at Douglas Park here to-
morrow.

Although comparatively a new
event, the handicap is said to be the
richest stake in America this year
for older horses. Ten thousand dol-
lars has been added to the purse,
making the approximate value of the
race \$15,000. The city-seven entries
originally made were narrowed today
to these horses and weights: Borow,
now running under the colors of L.
S. Thompson, 126 pounds; Emil
Hart's Short Grass, 124; R. L. Baker
& Co's John Gunt, 112, and Em-
erson Cochran, 102; J. W. Schorr's Da-
vid Craig, 112, and Ed Crump, 103;
W. J. Weber's Hot Rod, 109; A. P.
Humphrey's Bronzewing, 105; Jef-
ferson Livingston's Royal II, 104; Lew
Marion's Prince Hermit, 103; T. T.
Looney's Leotary, 99, and F. D. Weir's
Ringling, 96.

Added starters may be W. R.
Mizell's Robert Bradley, 107; E. R.
Bradley's Choice, 107; T. C. Mc-
Dowell's Star Jasmine, 106; L. S.
Thompson's Harmonicon, 124, and M.
R. Gruber's Little String, 94.

PENN WINS AT TENNIS.
[BY A. P. NIGHT WIRE.]
PHILADELPHIA, May 28.—The
University of Pennsylvania lawn ten-
nis team defeated Dartmouth six
matches to none here today. Liver-
more of Dartmouth won one game in
his match with Replige, Pennsylv-
ania, although he lost the match,
6-4, 4-6, 6-3.

HUB PERNOLL
IS RELEASED.
[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, May 28.—Hub
Pernoll, southpaw heaver
with Detroit in 1912, with the
Oakland club for the major por-
tion of 1913, released and signed
by San Francisco in the fall of
that year, has been given his
unconditional release by Harry
Wolverton, skipper of the Seals.
Pernoll has not been seen
where near to his form this
season and after two disastrous
games in Portland his release
comes more as a matter of fact
than a surprise. Wolverton
stuffed his twirler some consid-
erably. He can hike to Grant's
Pass, Or., at less expense than
had the release come in Califor-
nia.

intense feeling of the American people on the Lusitania disaster with the

VON BERNSTORFF'S VIEW.

Count von Bernstorff, the German Ambassador, confirmed the London reports that he had sent wireless messages to the German Foreign Office declaring the American press was becoming impatient over the delay in sending the German reply, and that the Nebraskan incident had aggravated the situation.

Berlin press dispatches saying that Ambassador Gerard had been in daily conference with German Foreign Office officials and Chancellor had re-

ably sent in advance the main point to be contained in the German reply were shown to Secretary Bryan last night. He said that while the Ambassador had sent his own confidences, nothing that could be called an outline had been received and that he was not aware that any official information had been given as to the contents of the reply.

The general trend of comment in official and diplomatic quarters was that if the preliminary note from Germany proposed an agreement on the facts of various cases mentioned in the American note, there would

follow immediately a Senate proposal from President Wilson for a suspension of submarine warfare. The article might endanger American lives or vessels while the diplomatic discussion was in progress.

GERMAN POSITION.

The German government, according to published reports, is represented as intending to inquire first whether the Lusitania was armed or unarmed, and whether she carried munitions of war. The position of the United States government is that the Lusitania sailed unarmed from an American port and did not resist capture. Whether or not the vessel carried contraband

any charter did not, in the American view, deprive her of the right under the rules of international law, universally acknowledged, to be given an opportunity to transfer crew and passengers to a place of safety before being destroyed.

Officials pointed out, moreover, that the British liner by careful investigation before sailing, was found to be unarmed, and that there was no denial of the fact that she carried munitions of war. This was shown in her manifest published the day of sailing.

THE NEBRASKAN.

Officials still wereaskan about the

The reports of the naval attaché of the American Embassy at London are expected to throw light on the subject from a technical viewpoint. Until such information is in hand, diplomatic action will be deferred.

SUBMARINES REPORTED.
(BY ATLANTIC CABLE AND A. P.)

CROOKHAVEN (Ireland) May 15.—(via London).—Captains of Crookhaven schooners and fishing boats who were in the vicinity of the American steamer *Nebraska*, when it

she was damaged by an explosion Tuesday evening, claim to have witnessed the torpedoing of three small fishing boats, while they were schooling nets. Soon afterward, they say they saw a steamer flying the American flag going west. Then the heard a loud report followed quickly by a second, after which the steamer began blowing her whistle to summon help.

The fishermen say two patrol boats soon appeared and they saw the first sight of the steamer, the *Cape Mudge*, a schooner which arrived here last night reports that he twice sighted submarine.

THINKS HE SAW TORPEDO'S WAKE

(BY ATLANTIC CABLES AND A. P.)
LIVERPOOL, May 28.—While not
of the crew of the American steamer
Nebraskan, disabled Tuesday night by
an explosion off the coast of Ireland,
saw a submarine, the chief engineer
believes he saw the wake of a tor-
pedo on the starboard side, accord-
ing to Capt. Greene of the steamer.
The Nebraskan was on her way to

The captain said there was a hole about twenty feet square in the fort castle below the water line.

"We were in the boats about an hour," he said. "The ship seemed to be settling by the head and we decided to stay close by until help which we had summoned by wireless arrived. While none of us saw a submarine, the chief engineer believed he saw the wake of a torpedo on the starboard side. The effect of the shock of the torpedo striking the ship was felt by her suddenly. There was a perceptible interval between the shock and the explosion."

The damage to the vessel's upper structure is so severe it is evident the shock the ship suffered must have been terrific. Great derricks were torn up and flung across the deck, smashing the rail on one side. Strong steel girders forming part of a battery were blown out and some went overboard. In the deck flooring near the hatch, two large holes were made, and the main steel girders, two of which were cut through clear-

The bulk, occupied by the bowstair and two quartermasters, all of whom were injured, is a mass of wreckage and the men are wondering how the escaped more serious hurts. All the furniture and woodwork in the room was broken into fragments. The American Consul and representative of the American embassy boarded the ship from a tender yesterday afternoon, meeting the steamer off the bar and coming with her to the docks.

"TAKE THE SAFE COURSE."

So Runs the Advice of Gov. Brewster of Maryland, to Gen. Slaten

Georgia in the Frank Case.
[BY A. P. NIGHT WIRE.]
ATLANTA (Ga.) May 25.—Many additional letters, urging executive clemency for Leo M. Frank were received today at the offices of Gov. Slaton. Among them was one from Gov. Brewer of Mississippi, expressing belief in Frank's innocence and advising Gov. Slaton to "take the safe course and the one dictated by humanity."

Letter Carriers' Memorial.

This letter carriers of Los Angeles will hold their annual memorial service at the First Methodist Church, Sixth and Hill streets, Monday, at 7:30 p.m. Rev. Dr. Locke officiating. This service is held as a tribute to the faithful performance of a hard task.

Complimentary Dinner.

Members of the Bar Association gave a luncheon in compliment to Judge Henry D. Clayton of Eufaula, Ala., Thursday at the California Club. Attorney John C. Mott was chairman. The guests included Judge Blodgett and Judge Trippe of the Federal Court, Judge Conroy, Judge James and Judge Shaw of the court of appeal, Judge York of the Superior Court, Gomer Williams, Theodore Martin, J. D. Gibbs and Dr. A. J. Scott. Judge Clayton formerly was Congressman from Alabama. He was appointed to the Federal bench by President Wilson.

TO TRY IT AGAIN.

Joint Bureau of Appraisal to Put Committee of Twenty on Trail of Broadway's "Dollar Unit."

One attempt at reappraising property values in the downtown business district by the chummy and democratic method of having heart-to-heart talks with the owners in a body was enough for the new joint bureau of appraisal, which studiously avoided at its second public meeting Thursday all catechism which might lead to a renewal of fruitless debates such as marked last Tuesday's gathering. Instead the bureau heads confined themselves to explanations of the plans and purposes of the new municipal body, details that had been somewhat overlooked at the first meeting.

Although the bureau has changed its methods of procedure, it is still on the trail of the elusive "dollar unit" and the percentages that stand for the property values in the center of the city. The bureau will at once appoint twenty realty brokers, owners and business men, whose experience in the handling and appraising of property qualifies them as valuation experts, as members of a special committee to study the downtown situation with respect to assessments. This committee is expected to spend several days next week in locating the most valuable front foot of property in the middle of any block in the business center and in fixing the values of the corresponding area of ground in every other block on the basis of percentages of the ascertained 100 per cent foot. This having been accomplished, the owners generally are to be summoned again to hear the results. This next public meeting is set for week after next, the exact day to be determined on as soon as the committee has something to report.

BUDDHISTS TO GATHER.

All Faiths in Los Angeles Invite Americans to Their Meeting Tomorrow Afternoon.

Extending an invitation to all Americans to attend the service, members of the Los Angeles Buddhist Church will hold a big meeting tomorrow afternoon at No. 209 South Savannah street. It will mark the first gathering of Buddhists of all faiths to which the public is welcome.

"The real purpose of the meeting is to create in the minds of Americans a better understanding of our religion and to give our members a better understanding of American ways," said Rev. S. Miwa, B. A., who will speak on the subject, "The Message of Buddhism to the World." Dr. Norton F. W. Hazeltine will also talk on the same subject.

"We want to enlarge our American attendance," Rev. Mr. Miwa continued. "We stand for fraternal and universal peace and all peace-loving citizens will look upon us with kindly spirit."

The local Buddhist temple was instituted twelve years ago and has grown steadily. Rev. Mr. Miwa is a Stanford graduate and in a few weeks will go to Chicago to take up university work.

TRAINING SHIP HERE.

LOS ANGELES HARBOR, May 28. —The Argentine naval training ship Presidente Sarripinto is due here late tonight from San Diego for a short visit at this port. She has aboard 252 naval cadets who are covering a long cruise of 23,000 miles. The vessel took a supply of coal at San Diego and on account of the lack of coaling facilities here the visit will be cut shorter than was intended. The vessel will proceed to San Francisco and return via the Panama Canal and ports on the Atlantic Coast.

Programme of Services at Rose-dale Cemetery Arranged—Red and White Carnations Needed.

Joint Memorial Day services at Rose-dale Cemetery, to be conducted Monday by the United Spanish War Veterans and auxiliaries, are outlined in a programme which has just been completed. The assembly will be held at the Washington street entrance to the cemetery at 9:30 o'clock. B. D. Moyer will be grand marshal of the parade and his aides will be J. M. Kane, Roosevelt Camp; A. Kilton, Glass Camp; W. C. King, Clark Camp, and W. M. Morris, Otis Camp.

The order of formation will include members of all the camps, headed by Department Commander Wankowski and staff, firing platoon and field music from the Seventh Regiment, N.G.C. under command of Lieut. Marxen; Page cadets, pupils, Boy Scouts, members of Ladies' Auxiliaries and other patriotic organizations. The services will take place at the Roosevelt Camp plot. Department Commander Wankowski will be chairman of the day, and the invocation will be offered by Rev. William Horace Day. F. W. Crumbly will read the famous Gen. Dogan's order No. 11. E. A. Lane and Morgan Galbreth will make brief addresses.

FURNITURE MAN DIES.

Prominent in Business Here for Past Ten Years—Funeral Service This Afternoon.

Gillingham O'Daniel, manager of the Mackie-O'Leary company, died at 1 o'clock yesterday morning. Mr. O'Daniel had been prominent in furniture circles in Los Angeles for the past ten years. He was originally in the employ of the Mackie-Fredricks company as buyer, and when that concern dissolved he went with C. E. Fredericks as manager of the Los Angeles Furniture Company, and four years ago he joined Mr. Mackie in the management of the Mackie-O'Leary company. Previous to his connection with the Mackie-Fredricks company he was buyer for the Wanamaker store in Philadelphia.

Mr. O'Daniel was quiet and unassuming, but had many friends in business circles who will regret to hear of his untimely death. He had been ailing for several months, but his acute illness lasted only three weeks.

The funeral service will be conducted at the home of R. H. Arnold, No. 983 Valencia street, at 3 o'clock this afternoon, by Rev. Baker P. Lee.

PERSONALS.

A. V. Francis, assistant manager of the El Tower Hotel at the El Canyon, arrived at the Clark Hotel yesterday.

W. M. Campbell, principal owner of one of Chicago's department stores, accompanied by his wife and son, is staying at the Roslyn for a few days.

M. A. Fulmer, who has mining interests in the Georgetown district near Anaconda, Mont., accompanied by Mrs. Fulmer is staying at the Westminster.

T. F. Turner, representing extensive mining interests of Boston is a guest at the Hollenbeck. He has been in Arizona looking over some of the properties of the company he represents.

A. G. Gassen, who has extensive property interests in Los Angeles as well as in a number of other communities, is at the Van Nuys, where he registers from San Diego, the city in which he years ago was Fire Chief.

William B. Jones, accompanied by six friends, arrived at the Alexandria yesterday. He is head of the tourist party of Boston, New York and Philadelphia persons, traveling under the direction of the Raymond-Whitcomb Tours Company. After visiting the Grand Canyon, the party came here; will next go to San Diego, then Yosemite Valley; various Coast communities and San Francisco and from there on to Alaska and back East through Canada.

Don't take any chances when the color is not even skin deep.

Don't take any chances when you buy a suit: Color on most ready-mades will fade.

Try a Brauer suit made to your measurements—you can depend upon the color staying in all kinds of weather. We use all-wool fabrics from the best looms in the world. All the fashionable colors to select from.

You can't equal our Exposition Specials at \$20 and \$25—these are a saving to you of \$5. See them today.

THE L.A. TRIAL.

TARTLING CHARGES AT OLD DIRECTORS' DOOR.

They Never Earned a Dollar! Says Federal District Attorney.

In Opening Statement for the Government, Schoonover Tells Jury that Sole Sources of Income of Investment Company Under Former Management Were Sale of Arbitrarily Inflated Stock and Borrowing.

AT the Los Angeles Investment Company, from the date of its formation in 1913, until it was over by the new management, under J. H. Schoonover, earned money and had but two sources of income, the sale of stock and borrowing money, was the statement by United States District Attorney Albert M. Schoonover yesterday afternoon in his opening statement to the jury in the trial of the Los Angeles Investment Company and ten other defendants in the United States District Court on charges of using the company as a vehicle for defrauding investors.

For a hour and a half, in a confidential tone of voice, Mr. Schoonover, who is the federal prosecutor in the case, which he declared, the government would prove principally by the records of the company: Beginning with the formation of a company in 1913, three muscians, the Burbank Theater, the District Attorney, and the Los Angeles Investment Company was formed with a capital stock of \$125,000.

From the very beginning, he said, it would be shown that the practice of selling stock at inflated prices, and of arbitrarily inflating the value of stock by a resolution of the board of directors, was indulged in to the extent of \$10,000.

Commemorating a Magnificent Gift.

Unveiling the Hancock memorial tablet yesterday.

In the Los Angeles County Museum of History, Science and Art at Exposition Park. Standing behind the tablet are, left to right, Frank S. Dargatz, director of the museum; George Allan Hancock, donor of the La Brea tar pits to science; and William M. Bowen, president of the Board of Governors of the museum. Below is the great Imperial Elephant skeleton, just completed and shown for the first time. Beside it stands Eugene J. Fisher, osteologist for the museum, who spent eight months mounting it.

BIGGEST ELEPHANT AND LITTLEST ARE UNVEILED.

AN impressive ceremony marked the unveiling of the Hancock memorial tablet in the Los Angeles County Museum of History, Science and Art at Exposition Park yesterday afternoon. Relatives and close friends of the Hancock family gathered to honor the memory of Maj. Henry Hancock and Ida Hancock, as well as to show their respect and appreciation to George Allan Hancock for his generosity in presenting to the county the immense fossil beds discovered a few years ago upon Rancho La Brea, a part of the Hancock estate.

The event was significant also from the fact that for the first time the public was privileged to see the skeleton of the Imperial elephant, which is treasured probably more than any other relic in the great museum, being the only one of its kind ever restored.

Following introductory remarks by W. M. Bowen, president of the Board of Governors of the Museum, Albert M. Stephens delivered an address in eulogy of the donor of the wonderful collection of fossils. He said it was Mr. Hancock's love for the community, his desire to assist in perpetuating the history of the Southland that prompted him to offer the county the privilege of exploring the depths of his large estate.

"Mr. Hancock knew that he could erect a museum on his ranch and place on exhibition in it the relics of pre-historic ages found in the La Brea pits and possibly realize an immense fortune from the project," said Mr. Stephens, "but he felt that he had a loftier duty to perform and unselfishly granted to the people of this community the right to restore and preserve the valuable fossiliferous collection of the past."

The memorial tablet was made by Carlo Romanelli, artist and sculptor, of Chicago. It is constructed of bronze and consists of a very small elephant rising on its haunches over the tablet. Inscribed upon the tablet is the following:

"As a memorial to his father and mother—Major Henry Hancock and Ida Hancock—this tablet is dedicated to the people of the Southland, who have been privileged to see the skeleton of the Imperial elephant, which is treasured probably more than any other relic in the great museum, being the only one of its kind ever restored."

Among the exhibits unearthed in the La Brea fossil pits are skeletons of such prehistoric animals as the saber-tooth tiger, mastodon, sloth, bison, bear, lion, camel, and horse. But of far greater importance to science and natural history is the skeleton of the Imperial elephant. It has been discovered by Eugene J. Fisher, osteologist of the museum, eight months to restore.

Principal Must Explain.

THAT Principal George E. Larkey of the East Seventh-street school will be called before the Board of Education to explain his political activity in the present contest over members for the board was the statement of Supt. Francis last night.

Charges were made to Mr. Francis that Principal Larkey had caused to be circulated among the pupils of the school yesterday a pamphlet attacking the policy of the present board and urging the parents of the pupils to support at the polls Tuesday the so-called nonfactional or anti-Francis ticket.

In substance, the pamphlet charges that the pupils are on half-day time in "shacks," and that Supt. Francis turned down a requisition for repairs to the present temporary building which go to make up the East Seventh-street school.

"Other schools in the city are being treated better," continues the pamphlet.

When the matter was brought to the attention of Supt. Francis last night he investigated and learned that a number of pupils had carried the literature home, plates that the children had obtained the pamphlets from the principal, Mr. Larkey.

"This is in open violation of the rules of the board," said Mr. Francis. "The act is a marked transgression of school ethics and lays the offender liable to suspension. There never was

be married next Wednesday evening to Neal Rasmussen, nephew of former State Senator Rasmussen of Wisconsin, and son of a noted family. When Father Eiling, parish priest of Wilmington, pronounced the marriage over the benediction of the youthful couple, a romance of two years will culminate, with the implied addendum, "they lived happily ever after."

Ever since Cristobal Dominguez received the grant of 52,000 acres, part of which now comprises the present rancho, from the King of Spain as a reward for services on the field of battle, the history of the Dominguez family has been replete with romance. Two years ago, while on a trip through the East with her mother, the bride-to-be visited friends in Racine, Wis. A young, good-looking attorney was presented to the visitor. It was Mr. Rasmussen. The young lawyer immediately experienced trouble with his heart. At first it was not catching, but perseverance triumphed in the long run.

Mrs. Carson and Lucy had not returned to their home on the rancho before a Los Angeles hotel reserved room for the Racine attorney, and for

MOTORISTS' DAY IN THE TOPANGA.

HUNDREDS GOING TO CELEBRATE OPENING OF FINE NEW BOULEVARD.

Today is the motorists' day of days—Southern California highway song of songs—when the gates of Topanga Canyon and its \$150,000 boulevard will be thrown open to the touring public.

At 10 o'clock this morning all motorists will meet in Hollywood, and under the auspices of the Automobile Club of Southern California, will begin the tour to the mountain wonderland. There, in the shadows of the pinnacles, they will dedicate to the great cause of good roads the latest achievement of Southern California in highway construction.

All plans for the tour were completed late yesterday, and with announcements from the various officials that representatives will be present to take part in the ceremonies, from hundreds of motorists that they, too, wish to be present, rush orders were given for additional automobiles and busses to be broiled over the smoldering pits today.

Officials of the Automobile Club will have complete charge of the parking of the cars and of the parade. H. J. Whitley, who will be host at the point of celebration in the canyon to the motorists, has made arrangements for the entertainment of all who come.

The official cars will meet the main body of motorists in Hollywood, at the intersection of Cahuenga avenue with Hollywood boulevard. From this point they will go to the canyon entrance.

After the ceremonies and lunch in Topanga, the return tour will be through Santa Monica and the beach cities over the ocean drive. This will afford those who go the opportunity to see Topanga Canyon in its entirety.

County highway commissioners and visiting officials are requested to meet this morning at 9 o'clock at the Holbeck Hotel, where automobiles will be provided for their use. From here they will join Mayor Ross and the pilot car at the Courthouse.

TO MAKE WATER ASSETS COUNT.

Arrangements for Momentous Convention Planned.

Importance of Controlling the Colorado Told.

Co-operation in Bettering the Harbors Urged.

Preliminary arrangements were made yesterday at a meeting in Patriotic Hall in the Hall of Records for the holding of the great convention of the Inland Waterways Association of California in this city in September. Representatives were present from the Los Angeles Chamber of Commerce, the Merchants' and Manufacturers' Association, the Long Beach Chamber of Commerce, the City of San Diego and scores of civic and official organizations.

The decision of the association to hold a convention in Los Angeles was enthusiastically approved. Provision was made for the appointment by Thomas E. Gibbon, chairman of the meeting, of committees on programs and arrangements, reception and membership and publicity. Mr. Gibbon, in his opening address, spoke of the importance of Imperial Valley and the control of the Colorado River as a factor in the welfare of the Imperial Valley and of Los Angeles. He told of the large sums of money already spent for Los Angeles Harbor, and of conferences with Secretary of the Interior Lane regarding the proper plan for dealing with the Colorado River subject. He spoke of the necessity for restraining the Los Angeles and San Gabriel rivers, in which the federal government is concerned, because the carrying down of silt by these two rivers damages the Los Angeles Harbor.

He said that when he had been to Washington with others as a delegate, there was a sense of linelessness because Los Angeles stood alone. In his opinion the association could be of great assistance to Los Angeles and other counties south of the Tehachapi.

A detailed statement of the purposes of the Inland Waterways Association was made by David H. Walker, executive secretary. Chairman Gibbon announced he would name the nucleus of each committee within a short time.

F. H. Olmstead, of the county board, said the public is welcome.

SWEDISH MUSICAL EVENT.

Assisted by Gustaf Norlander, tenor, and the Swedish singing society "Harmoni" of Los Angeles, Miss Inga Oenner, soprano of the Metropolitan Opera Company of New York and the Covent Garden Company of London, will give a concert at popular prices at the Shakespeare Club auditorium, this evening at 8 o'clock at the Holbeck Hotel, where automobiles will be provided for their use. From here they will join Mayor Ross and the pilot car at the Courthouse.

G.A.R. SERVICES TONIGHT.

Bartlett-Logan Post, No. 6, G.A.R., and Relief Corps will hold memorial services in Patriotic Hall, Hall of Records, at 7:30 o'clock tonight. The military and civil records of the members who passed away during the last year will be read. The public is welcome.

Marie B. Tiffany

Soprano

The many friends of Mrs. Marie B. Tiffany, the popular soprano, will be delighted to know that she has recently opened a studio in the Majestic Building, Suite 602. Mrs. Tiffany is an ardent admirer of the famous Chickering Piano—and her voluntary testimonial should be of interest to you.

Of the noted artists who have appeared at the Maryland, Green and Huntington Hotels, Pasadena, none have received a greater welcome than Mrs. Marie B. Tiffany, Los Angeles' popular soprano. Mrs. Tiffany is also soloist for one of the leading churches in Pasadena. Her studio in Los Angeles is located in the Majestic Building, Suite 602. In a recent letter she had the following to say regarding the Chickering Piano:

Southern California Music Co., 332 So. Broadway, Los Angeles, Cal.

Gentlemen:—

I bought a Chickering Grand Piano from your house several years ago, and have used it in my work since that time.

Without a doubt, in my opinion, the Chickering Piano is the most satisfactory instrument for a vocal teacher to use.

Yours very truly,

Marie B. Tiffany

We invite your inspection of our complete line of new Chickering Pianos

Your present piano accepted in part payment.

BIG OFFER WILL CLOSE AT MIDNIGHT'S STROKE.

One More Full Day in "The Times" Educational Contest—Chance to Win Twenty Thousand Extra Votes for Each Lot of Five Yearly Subscriptions—The Field is Open.

ONE more day is before the contestants in "The Times Educational Contest" in which they may take advantage of the offer of 20,000 extra votes for each lot of five yearly subscriptions, or its equivalent in shorter-term contracts. This offer expires at the stroke of twelve, midnight.

Today will be one of great activity among the contestants. They will be at it early and keep it up late, in order to make up as many complete lots of five yearly subscriptions as possible. A little extra work today will land these 20,000 extra vote lots to some candidates, and it is highly probable that when the final count is announced at the end of the campaign, candidates will see just where the aid won today was the means of landing them in the column of scholarship winners or in the list of the first fourteen who are to receive extra rewards in gold coins for incidental expenses.

No contestants can afford to lose today from their work. The wise ones will put in every possible moment, so as to get the advantage of the biggest offer of the entire campaign. Be at it early today; keep up your efforts until late. Get your report in the mail so that it will show the proper date on the postmark.

AMONG THE WORKERS.

One of the latest entrants into the campaign is Raymond Moffitt, R.F.D. No. 1, Artesia. Right here, a prediction—Ray will soon find his way into the big figures of the voting score; watch and see.

Ray Moffitt is the son of Thomas B. Moffitt, one of the well-known educators of Los Angeles county. Ray is a sophomore in the Norwalk Union High School and is a good student.

He is the star pitcher of the High School ball team, having pitched his team to the Los Angeles Valley section school championship the past two seasons. The season he has won nine straight games and he has a strike-out record of 29 1-2 per cent. per game. Ray holds as far as is known, the school pitching record for forty-nine innings without being scored on.

He is 19 years of age.

Clyde R. Brown, the Montrose boy, keeps up his good work. He sent in another report yesterday that wins him a club of five victories and makes a very material addition to his regular voting score. That Clyde means to be a scholarship winner is clearly evidenced by his work of the past two weeks.

Lucian Edwards, Jr., of Fullerton, who shows that he has been making his spare time count. He sends in a report that will show a decided gain in his voting strength.

Waldo Houghton is a new boy to enter the field. He is a son of Mrs. M. A. Houghton, public librarian at Downey. Waldo is 14 years of age, and finishes the intermediate school this year. He has a wide circle of friends and will find a rich field for his campaign.

Otto N. Gillingham of No. 246 Almond street, Compton, is pegging right along, and has a large acquaintance, with many warm friends to boost his campaign. Otto is the oldest son of a family of six children. His mother was left a widow, with this family to care for, last year, when Mr. Gillingham was drowned, together with a Mr. Erickson, in the river floods on the Mulholland ranch, and their bodies were never recovered. Otto has bravely undertaken to win a scholarship for himself in this Educational Contest, and his hosts of friends admire his pluck and hope to see him a winner. Otto will receive aid from the Clearwater district as well as at Compton and surrounding districts.

Clarence Clendennen of No. 3209 Pasadena avenue sent in a report yesterday that would jump him up four places, reckoned on, the last published vote count, and would place him among the thirty-four highest. Clarence wants a law course scholarship. He is a talented debater and gives promise of talent for the legal profession.

FINE BUSINESS COLLEGE.

One of the highly attractive offers in the list of scholarships offered by "The Times" in the Educational Contest is that of the Isaac-Woodbury Business College. This school occupies the fifth floor of the Hamburger Building, is finely equipped throughout, and carries an experienced faculty.

The continued and increasing patronage of this school is material evidence of the public appreciation of its worth. The Isaac-Woodbury Business College training is no distinctive business in every detail and the idea of developing the student's earning capacity and self-supporting qualities is so prominent throughout that there can be no question as to the value of its courses.

The college rooms contain 16,000 square feet of space and have 3200 square feet of window space. The equipment is right down-to-date. There is a strong, cordial and helpful corps of teachers. Firm, but kind, discipline is maintained, with the idea of strict attention to business. This school has high prestige in placing its graduates in good positions. There is a wholesome moral influence in the school, and progressive and vigorous policy is applied to the entire institution.

There are commercial courses, shorthand and typewriting, bookkeeping, collateral commercial branches and optional subjects.

GENERAL INFORMATION.

There are no term divisions, and enrollment may take place at any time. Upon entering, each student receives assistance in getting located to his needs, is carefully classified, and thus begins, without disadvantage, at any time during the year.

The day sessions are from 9 a.m. to 4 p.m., with a noon hour intermission from 12 m. to 1 p.m. No session is held on Saturday.

Evening sessions are held on Monday, Wednesday and Friday, from 7 o'clock to 9 o'clock.

Students may enter either by the month, or for a term of months, get the benefit of the full calendar month, barring legal holidays.

Time extension is allowed for absence of one week or more when properly reported.

There are no entrance examinations. Those who are not qualified to take up the higher subjects are assigned preparatory work until sufficiently advanced to enter upon a regular course.

Out-of-town students are invited to go directly to the college office and receive assistance in getting located. A beautifully lithographed diploma is given upon graduation.

An Isaac-Woodbury diploma means something; it is a testimonial to the student's hard work and merit.

All books and stationery required by the student during a course of study may be obtained at the college supply office.

The mercantile part of the great Hamburger Building has many entrances, but the college entrance is entirely separate from the store entrance. It is on the north side of the building, No. 210 West Eleventh street, in the middle of the block.

Friends and patrons, prospective students, and all others in any way interested, are cordially invited to call and inspect the school.

REALTY BOARD

HAS ELECTION.

MINES IS AGAIN PRESIDENT—INSTALLATION TO BE NEXT THURSDAY.

The annual election of the Los Angeles Realty Board was held Thursday at the Realty Board Building, the polls being open from 9 o'clock a.m. until 3 o'clock p.m. The board will meet next Thursday at the Alexandria Hotel to install the new officers and to hear full reports of the various committees in charge of the arrangements for the big June convention of

the National Association of Real Estate Exchanges.

W. W. Mines was re-elected president. Herbert L. Cornish is first vice-president; Harry R. Callender, second vice-president; Guy M. Rush, third vice-president; Phillip D. Wilson, secretary; Roy C. Seeley, treasurer, and Benjamin E. Page, comptroller.

In the Governing Committee of the board the following new members were chosen: W. H. Akin, L. T. Bradford, Harry H. Culver, W. L. Hollingsworth, Herman Janss, D. F. McGarry, W. W. Mines, Roy C. Seeley and O. A. Vickrey. The holders of the committee are: Herbert L. Cornish, Harry R. Callender, Horace G. Hamilton, Harold S. Cook, Herbert L. Cornish and C. C. Tatum.

Chairmen of special and standing committees for the coming year were appointed by President Mines immediately after his election. These committees, and their new heads, are: Arbitration, Horace G. Hamilton; Public Utilities, Roy C. Seeley; Legislation, D. F. McGarry; Entertainment, C. C. Tatum; Finance, W. L. Hollingsworth; Highways, Herman Janss; Special Advertising, Harry H. Culver; Law, W. H. Akin; Reception, Herbert L. Cornish; Loan, P. A. Patten; Harbors, L. T. Bradford; Country Land, L. T. Bradford; Exchanges, Bernard A. Vollmer; Subdivisions, Guy M. Rush; Leases, Harry R. Callender; Business Property, Harold S. Cook; Industrial Property, W. F. McGrath, and House and Lot, O. A. Vickrey.

FAUSER IN AGAIN.

Henry W. Fauser, jointly charged with his wife, Helen, with smuggling opium into the country, who has been at liberty on a bond of \$2500 for some time, was surrendered yesterday by Mrs. A. A. Chevallier, one of the bondsmen, and lodged in the County Jail. Mrs. Chevallier has been trying to get rid of the bond for some time, but as Fauser was in jail, she was unable to do so.

THANKS FIREMEN.

The Eastern Outfitting Company yesterday sent a letter of thanks to the fire department for the good work done in saving the concern's establishment.

It was destroyed by fire on Wednesday night. A check for the firemen's fund accompanied the letter.

OPPOSES JITNEY BUS ORDINANCE.

WANTS DRIVERS' INITIATIVE BEATEN AT POLLS.

Municipal League Issues Statement Showing it is Only Fair the Public Should be Protected by Adequate Indemnity Bond—Other Weaknesses in Proposed Law Alleged.

Calling on the public to vote "no" on the initiative jitney bus ordinance, the Municipal League of Los Angeles issued a statement yesterday setting forth the reasons why the proposition should be defeated. The statement calls attention to the fact that it is only right, proper and fair that the public should be protected by means of a \$5000 indemnity bond and points out other unreasonable features in the ordinance prepared by the jitney bus drivers.

Whereas, The City Council, after careful consideration and due deliberation and after hearings at which the jitney bus operators were fully represented, adopted an ordinance providing for the regulation of auto buses carrying passengers for hire upon the public streets, said ordinance requiring that protection be afforded passengers and the traveling public by means of a \$5000 indemnity bond;

Whereas, It is right, proper and fair that the public be so protected, and said ordinance is not in any respect burdensome or unreasonable; and

Whereas, The jitney bus operators are attempting, by an initiative ordinance, prepared by themselves, to repeal said ordinance of the Council, but to substitute for it an ordinance that provides no protection or responsibility toward the public and practically no effective regulation whatever; and

Whereas, Such initiative ordinance, if adopted by vote of the people cannot be repealed or amended, except by the vote of the people at another election—a procedure involving large expense; and

Whereas, There should be adopted an ordinance regulating any particular business when that business has been prepared by the very persons interested in and carrying on that same business, especially when the business is in the nature of a public utility; Therefore, Be it resolved that the Municipal League of Los Angeles recommends to the electors that they vote "no" upon said initiative ordinance at the election on June 1.

ORATORICAL WINNERS.

After creditable oratory prizes were awarded Thursday night in the contest of the senior and junior divisions of St. Vincent's College, held at Columbus Hall. In the junior divisions the Koch medal was awarded to Donald F. McLaughlin and the premium to Victor M. Rechsteiner. Others who competed in this division were George A. Dockweiler, James B. Comer and Neil V. Smith. In the senior division the Meyer medal went to John F. Dockweiler and the premium to Francis Moroney. The other speakers being Victor J. Huetichy and William F. Cleary. The prizes will be presented to the winners at the commencement exercises of the college June 13.

SLAVERY SUSPECT

RUN OUT OF CITY.

PLEADS GUILTY OF VAGRANCY. MAY DEPORT JAPANESE WHO IS INVOLVED.

R. E. Denning, alias "Buckshot," one of the central figures in the alleged plot to sell white girls into slavery in the Japanese village at the Long Wharf, near Santa Monica, pleaded guilty to vagrancy in Justice Brown's court yesterday and was sentenced to six months' imprisonment. Denning was suspended on the promise of Denning to return to his home in El Paso. Officers took him to the train and saw that he got started in the right direction.

Before sentence was pronounced, Denning made a confession which involves a Los Angeles attorney with Adelaide Ahl, the young woman arrested Thursday at the Buckingham apartments. She was arrested in his apartments. The attorney will be questioned today by Sheriff Cline. Denning said he thought the man alleged to be Sir William Ross Eaton, who figured in the case, is an impostor.

Proceedings were begun by Federal authorities to deport an undesirable alien, M. Oroma, a Japanese arrested with Denning, on the charge of selling white girls into slavery at the fishing village.

GRAND JURY IN

LOTTERY CASE.

INVESTIGATION BY THAT BODY IS UNDER WAY.

Complete Inquiry may Take Ten Days or So—Postoffice Inspector and Prisoners on Witness Stand. Ensenada Company Involved. More Arrests Expected.

The Federal grand jury yesterday afternoon began the lottery probe, and the matter will be pushed to the end of the inquiry that may not come for days, as it is the intention of the government to go to the bottom of the matter.

The witnesses yesterday were Postoffice Inspector Webster and J. P. Buckley, one of the captured operators. Other witnesses before the grand jury will be the three other dealers in the lottery, who are now in custody. They will be W. H. H. Young and Arthur D. Daniels, also in custody, who have agreed to tell all they know about the sale of lottery tickets and the use of the United States mails in the scheme.

Detective Home and Inspector Webster, who have the present prosecution in hand, discovered yesterday that there were agents operating here in the interest of a Mexican lottery located at Ensenada, the headquarters for three-fourths of the Chinese smugglers at least three other dealers in their possession alleged lists of drawings that took place in the Mexican town. It is known that some of the men under arrest and surveillance have in times past been at work for the Ensenada enterprise, but whether they are now in the game in that behalf has not yet been fully established. The developments of the next few days are expected to result in the arrest of at least three other dealers in the tickets of the Hermosillo and the Louisiana lotteries, but since the publication of the arrest of the gang headed by old man Young, there has been a scattering of the lottery boys.

NO BANKRUPTCY FOR DR. LYMAN.

REFUSE DISMISS PETITION FILED BY CREDITORS; MUCH INVOLVED.

Lynn Helm, referee in bankruptcy, has dismissed the petition filed by H. J. Evans, A. B. McNeely and E. A. Lynn, praying that Dr. John Grant Lyman be adjudicated a bankrupt, for the want of prosecution. The whereabouts of Lyman is at present unknown, but when last heard from he was in London, having spent some time recently in Paris. When the petition was set for hearing, Lyman did not appear, and there was never any meeting of the creditors. The schedule of debts and liabilities filed by Lyman show debts amounting to about \$20,000, and notes having a face value of \$115,000, but alleged to be really worth less. The stock is supposed to be worth \$102,000.

What Becomes of the Taxes?

COLEGROVE, May 28.—[To the Editor of The Times:] Will your great paper allow me a few words of

truth and soberness to the men and women of Los Angeles?

It behooves Mr. Whiffen, chairman of the Finance Committee of the City Council, to explain, before election, what becomes of the city taxes. The amount is much larger than formerly, when the yearly taxes, with an emotional bond issue, paid for city improvements, such as tunnels, bridges, buildings and other kind of public works.

Now the regular taxes are not used for such purposes. Public improvements, in these days, are provided for by special district assessments. Even such little things as branch library site, or the entrance to a park, is paid for by a local tax. They are for the city and the city will own them, but does not pay for them.

But we know where some of the money goes. Too many persons by far, are by authority of the City Council living upon the city's bounty. The pay roll amounts to more than \$2,240,000; but that is not half the amount we pay in as taxes to the city this year. What becomes of the balance above and above the City Council ought to tell us. Not a cent of it goes out unless by their authority and direction. It must be some other way, for the City Council is the authority of the City Council. Six of the Council are seeking a continuation in office; a seventh is anxious to become Mayor, and the eighth is making a frantic fight for him. The only remaining one, who voted against a special assessment, is to give up his hold upon the city's finances.

The question is: Can the men and women of Los Angeles afford to pay for any of the present City Council?

A Library Fight.

LOS ANGELES, May 27.—[To the Editor of The Times:] A certain pest infests our public libraries that should be called the "literary vandal." He is the person who willfully and maliciously tears or cuts clippings from the newspapers and magazines. There is no excuse for him, as the library furnishes scratch paper, and he could give up his work that has made our newspapers and magazines. There is no excuse for him, as the library furnishes scratch paper, and he could give up his work that has made our newspapers and magazines.

That this is a detestable practice is obvious. No one likes to read a newspaper or magazine with clippings and sometimes whole pages torn from it. The "L. V." however, with his puny intellect—that judging from his actions is no larger than a mole or a

LETTERS TO

"THE TIMES."

From a Fireman's Wife.

LOS ANGELES, May 28.—[To the Editor:] Realizing that a great many of the voters of this great city do not know that a fireman's wife and children are deprived of the company of their husband and father for nine to six hours at a stretch excepting the few minutes he is allowed for his meal periods, one, two or three times per day as the case may be, and that under the present system of operation in the fire department it is almost an impossibility for a fireman and their families to own their own homes.

I sincerely hope the voters will take these facts into consideration and look at the two-platoon, or two-shift ordinance from a humanitarian standpoint and vote yes on this ordinance, which provides that firemen shall work an average of twelve hours per day during three hundred and fifty days per year instead of working four full days of twenty-four hours each before being allowed a little time with his family.

The two-shift system if put into effect will give a fireman a part of each 24 hours at home as well as give him an opportunity to own and care for his own home, as well as still have the necessary time to go and come from home should his station be at a distance, which on account of the heavy traffic in close-in property is usually the case.

"Anti War-League."

SAN GABRIEL, May 28.—[To the Editor:] Responding to an almost universal sentiment which finds publicity in yesterday's Times through the published utterances of Senator Works, permit me to say that I recently received a letter from a writer in Nebraska which brings the views that religious and other organizations of that State have organized an "anti war league" with branches in Omaha, Lincoln and other cities, whose purpose it is to present an immense memorial to Congress on strict neutrality and protesting against the United States, trade in arms with all belligerents now engaged in war in Europe. In one letter from a member of the league I find these sentiments: Giving weapons to individuals or nations in a quarrel is not calculated to promote peace. If the administration will not enforce a rule to

MOVEMENTS IN SOCIETY.

SOCIETY baseball is to be played at fashionable Midway Country Club this afternoon. The polo field will be used and a marquee has been erected for the members and spectators, in which tea will be served later in the afternoon.

This is the first of a series of such affairs planned, and by the interest already observed gives promise of eclipsing all former diversions provided by the Hospitality Committee.

Commencing next Saturday the informal buffet dinners that proved so popular through last year are to again be instituted—with the usual alluring musical accompaniment—to continue throughout June and the summer. Each dinner is to differ markedly, with service on the porch or in the grill or dining-room, according to weather conditions or preference of hosts, with southern suppers, Dutch, Swedish, Spanish, Argentine and other national characteristics included in the menu and features.

The first affair, June 5, will be a buffet dinner.

A COSMOPOLITE OF ART.

Saint-Saens, Famous French Composer, Who is Visiting This Coast Suggests Many Times and Places in His Work But is Surprisingly French Withal.

BY EDWIN F. SCHALLERT.

IT IS not every day that a country sends a special envoy—economic, political, literary and artistic—over some thousands of miles of land and sea to a foreign city. It is not once in several lifetimes, however, that such an envoy is 50 years of age and the foremost living musician of his native land. It so happens that Camille Saint-Saens, who is to lecture at the San Francisco Exposition this week, and who will probably spend several months on this Coast, fills this description.

Saint-Saens, who is French to the core and yet a cosmopolite in his art, is known to the world at large in a big way chiefly by his opera, "Samson and Dalila." In a small way he is known nearly everywhere that music is played by his "The Swan." It is the piece de resistance of every violinist and cellist in the country. But this is but a small part of the genius Saint-Saens, for many and devoted are the paths which he has trod in the field of composition. Operas, symphonies, symphonic poems, chamber music, piano pieces, songs, etc., ad infinitum, have come to life from his pen. He has endeavored to suggest the atmosphere of many different places and periods in his work, but over and above all this one seldom fails to sense that essence of the overtones in the French temperament which is embodied in his character.

And then it must be remembered that Saint-Saens's restless spirit has not been satisfied with its adventures into the realms of music alone. Other arts have attracted his interest in more than a casual way; history and science have had a part in his life. Perhaps, too, all these things have exercised an influence on the wide point of his musical conceptions. Saint-Saens himself might almost be described as the incarnation of a great historical epoch in music. Not only has he felt the influence of those who went before, but he has also reflected something of the spirit of his contemporaries. For last he entertained a great admiration. He was receptive to the theories of Wagner, and even, it is said, in a lesser way to many of the lesser stars in the musical firmament of the past century. And he has seen them all come

the picture of the character of Saint-Saens as revealed in the foregoing news account: "Compared with the restless and troubled art of today his music strikes us by its calm, its tranquil harmonies, its velvety modulations, its crystal clearness, its smooth and flowing style, and an elegance that cannot be put into words. Even his classic coldness does us good by its reaction against the exaggerations, sincere as they are, of the new school. "At times one feels oneself carried back to Mendelssohn, even to Spontini and the school of Gluck. One seems to be traveling in a country that one knows and loves; and yet in Saint-Saens's works one does not find any direct resemblance to the works of other composers; for with no one are reminiscences rarer than with this master, who carries all his old masters in his mind—it is his spirit that is akin to theirs. And that is the secret of his personality and his value to us; he brings to our artistic unrest a little of the light and sweetness of other times. His compositions are like fragments of another world."

Saint-Saens will visit this city some time next week, according to present plans. It is the first time that Los Angeles has entertained a composer of such world-wide note. An effort will be made to have him appear with the symphony orchestra during his stay here, and it is possible that the event may form a part of the music festival.

Saint-Saens is to appear at the exposition city as the first delegate of the Franco-American Commission for the development of economic, literary and artistic relations.

His Viewpoint.
PRESIDENT TO BE RE-ELECTED.

SO ASSERTS SENATOR JAMES OF KENTUCKY.

On Short Visit Here, Noted Ohio Valley Democratic Politician Gives His Views on Coming National Election—Highly Compliments Los Angeles Harbor.

Los Angeles Harbor is one of the finest seaports he has ever seen, in the opinion of United States Senator Olie James of Kentucky, who arrived at the Alexandria yesterday afternoon. The Senator, Mrs. James and a party of friends spent the afternoon viewing the harbor and the surrounding country in an automobile.

"The government should allow you everything you need to complete the harbor and finish the plans you have made," said Senator James last night, "and I have no doubt those in authority will see you get it."

"I was particularly impressed with your pier there. Aren't they wonderful?" One might load and unload the greatest fleet of merchantmen ever put together right alongside of those piers. You of Los Angeles should be proud of your harbor."

The Senator has just returned from Hawaii, where, with a large Congressional party, he was inspecting the government works. A short stay in San Francisco the early part of the week, and he started on his way home. Fortunately, he was able to stop in this city for a day. Senator and Mrs. James will start for Kentucky, by way of the Grand Canyon, this morning.

While in San Francisco, Senator James was interviewed concerning the blowing up of the Nebraskan. He was quoted as saying it was an act of war.

"What I really said," he explained last night, "was that if the German submarine had fired that torpedo knowing the Nebraskan to be an American ship, it would constitute an act of war. But I added that as I did not know the full facts in the case, I did not want to be quoted until President Wilson passed upon it. I have full confidence in the wisdom and judgment of our Chief Executive. As a matter of fact, I had no small part in nominating him at the Baltimore convention."

"As to the Republican side, it is hard to tell who will make the race. It is certain that Mr. Roosevelt will run. Just where or on what ticket is more guesswork at present. But he is always a factor to be reckoned with."

"But the actions of President Wilson speak for him. It will mean his re-election. No thinking man could vote otherwise."

The Senator expressed deep regret because he could not stop longer in this city. "I saw just enough of it today to want to see more," he said. "When we returned from the harbor, our friends took us through Pasadena and the outskirts of Los Angeles. You certainly have a wonderful city here. I would like to spend months with you. But I have been away from Kentucky for a long time and I must get back as soon as possible."

"But if I were a resident of Los Angeles, I would keep plugging away working on that harbor. You have wonderful opportunity to make your port one of the greatest in the country. And I think the government will stand back of you while you are going it."

SINGLE ROOF TO COVER LOCAL STATE OFFICES

THE Union League Holding Company, in whose name the lease of the building at the northeast corner of Second and Hill streets is held, has just completed a deal with the State Board of Control whereby several State offices will occupy the upper two floors of the structure.

The Union League Club, now occupying that space, will find other quarters in the building, which will be remodeled to fit the new arrangements. The State Board of Control has leased 30,000 feet of floor space. Bids were called for some time ago, when the bond issue for a State building in Los Angeles was defeated. It is proposed to use the upper two floors and a half of the ground floor for the

"STUDIES" ACT NATURALLY AND NOISILY AS GUESTS AT REVIVAL.

It was High School night at the tabernacle in Hollywood last evening. Two hundred Pasadena students made the trip by auto. Hollywood High School pupils, 300 strong, were guests of the pastors and the evangelistic party at a banquet at the M. E. Church, after which they marched to the service in a body.

The Pasadena delegation singing "It's a Long Way to Hollywood," to the tune of Tipperary, and then the Hollywood students sang, "Our Banner We Unfold and We are Loyal to You, Hollywood." Interpersed with High School yells, Pasadena gave three yells and a tiger for Hollywood and the hometown students returned the compliment. All the students then gave "three and a tiger" for the evangelists and in the hush that followed the Hollywood cheer leader, not to be outdone, shouted "Amen!" There were several solos as well as songs by the chorus.

Evangelist Brown took as his text, "They all with one consent began to make excuse." He said in part: "Some of you don't even know your politics; and I think that is to your credit. "I used to exhort folks to give their hearts to Christ to get ready to die; now I invite them to Christ to get ready to live. "You are not fit to live till you have crowned Christ. "I settled it a long time ago. I am going to heaven and when I get

CARRIES MUSIC MAKER AWAY.

Hotel Employee Confesses to Many Coast Thefts.

Clothing may Identify Man Who Killed Himself.

Seven Committees to Take up Investigation.

(LOCAL CORRESPONDENCE.)

PASADENA, May 28.—Stealing a full-grown Victrola and \$25 worth of records from the ballroom of the Hotel Green, led to the downfall of Fred J. Nieman, a hotel employee, who admits that he has stolen enough stuff from different hotels on the Coast to stock a good-sized rooming-house.

Nieman has been collecting his valuables for about four years, during which time Detective W. W. Freeman has been trailing him "up vale and down dale" without ever getting close enough to lay his hands on him. Detective Freeman says that Nieman admits the theft of a drayload of valuables, which have been recovered, but didn't feel like throwing any

light on numerous other burglaries with which he is supposed to be connected.

A woman in the case was discovered, it is said, but will not be prosecuted. The search for Nieman followed the disappearance of the Victrola from the Green Hotel and the peculiar coincidence of Nieman's disappearance at just about the same time. It was ascertained that Nieman had left his lodgings in Los Angeles and had gone north. Tracing the missing articles, Freeman secured a search warrant for the rooms and there an amazing lot of valuables was brought to light.

Although Freeman and an assistant had a large touring car, they had to call an automobile truck to bring the loot to Pasadena. There were trunks, bags, suit cases, and boxes full of used and new linen of finest quality. There was silverware of every description and other valuables. Also there was the Victrola.

Freeman says that Nieman admits having been under a constant strain for many months because of his peculations. "I'm glad it's over and I'm ready now to take my medicine," he said.

MAY IDENTIFY HIM.

Clothing found in a South Raymond-avenue lodging-house yesterday led the police to believe that possibly belonged to the man who on Thursday committed suicide by throwing himself from the Colorado-street bridge. The clothing, it was said, belonged to a former lodger who answered to a former lodger dead man to a certain extent.

The lodger disappeared a short time ago, taking all his belongings except a suit and a hat. These were found hanging in a closet. The clothing was tried on the dead man but did not fit.

The police also received a telegram from San Francisco, asking for a description of the clothing worn by the

WATER WETS NEW FLUME.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CALEXICO, May 28.—Water was turned into the new Encina flume over the New River south of here early this morning. It replaces a flume proved inadequate to supply the west side and boat, with approaches, \$90,000.

A Bay City woman thought that perhaps it might be her brother who is missing. Relatives of missing men in Los Angeles have been among those that have examined the clothes and looked at the body, but it has yet to be identified.

The police believe that the man probably came from Los Angeles and that he took his life on account of sickness or financial troubles. The body will be kept at the chapel of lives & Warren for several days longer before the city will identify him.

ADVISORY CHAIRMAN.

If J. B. Coulton can find time to serve he will be elected permanent chairman of the Advisory Board of the Transportation Committee which is investigating the problems in regard to rapid transit.

Seven committees will investigate the transportation problem. There will be a committee to investigate the plan suggested by Assemblyman Fish with reference to a municipal automobile road between Pasadena and Los Angeles. Another committee will take up the improvement of the Pacific electric service and to meet with the officials of the steam roads to determine if they can give Pasadena better transportation.

CITY BRIEFS.

Convoy S. Campbell-Johnston's death in the sinking of the Lusitania has made it necessary for the city to execute a quit claim deed to the San Rafael Ranch Company of which he was the owner, for the purpose of parcels of land lying between Arroyo drive and the Arroyo road lots left after the line of the drive were laid out.

The old deed, executed June 15, was made in favor of Campbell-Johnston. Yesterday the commission passed on the new deed.

Little as it is, little nongens now and then is relished by the best of men," according to Dr. Ethelbert Dudley Ward, who last night gave the Orton School graduates and the Shakespeare club a decided shock when he advised the graduating class to use slang.

Dr. Ward is the former president of Lafayette College.

PETITIONS OUT FOR NOMINATION.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, May 28.—In the preparation of petitions for the nomination of Dr. F. M. Palmer for a seat on the Board of Trustees, the first guns in the forthcoming recall election aimed at City Trustee Harry Broslaski were given emplacement for the contest.

Dr. Palmer has been a resident at the beach for a number of years and his entry into the political contest for the purpose of trying to defeat Mr. Broslaski. A meeting of those favoring Dr. Palmer's nomination was held tonight.

Dr. Palmer's name is brought forth by those who were instrumental in filing the recall petitions against Mr. Broslaski. Prominent in the organization are City Trustees O. N. Tomlinson and J. T. Thompson, former City Trustee William J. Jones, and City Attorney Frank L. Perry.

The names of John G. Thomas, an oil merchant here, and W. A. Gale, a real estate agent, are being mentioned in connection with the recall election, and it is probable that petitions seeking their nomination also will be set in circulation.

FEAR LOCKAW.

(LOCAL CORRESPONDENCE.)

POMONA, May 28.—Fearing that lockaw may develop from infection, because minute particles of gas are being blown into their flesh by the explosion of a dynamite cartridge with which one of them was playing, local physicians are administering the administration of tetanus antitoxin to four small Chinese children, one of whom is in the hospital with three fingers shot off and the veins of his eyes burst.

BACKS PROJECT OF IRRIGATION.

Victor Valley Plans Favored by San Bernardino.

Five Millions Sought to Reclaim the Desert.

Government to Gauge the Colorado River.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

SAN BERNARDINO, May 28.—San Bernardino today voted to get behind the plans to interest California Congressmen and Senators in the \$5,000,000 reclamation project in Victor Valley, across the mountains in this county, in an effort to secure national appropriations for carrying on the work of reclaiming \$5,000 acres tributary to Victor Valley.

At the conference of a committee representing the Victor Valley Water and Power District Association with the local Chamber of Commerce in carrying out the local end of the arrangements for an automobile trip to the mountain watershed and to the desert next month.

The invitation to Southern California congressmen was extended to include the state senators and eleven Congressmen in California, the trip to be made about June 25.

From the entire cost of the trip, F. M. Walton, secretary of the Victor Valley Water and Power District Association, will contribute \$1,000. C. F. Guthrie, E. H. Hall, H. L. Mills and J. B. Lipinski, formerly of the United States reclamation service and the engineer, who prepared the report on the project for presentation to the government.

"Our object in bringing the Congressional party here," stated Guthrie today, "is to familiarize them with the project and place before their eyes the great good to be accomplished by the project, with the assistance of Federal funds. We are not asking the government for a gift."

The \$5,000,000 or more that would be required to carry out the project would be repaid by the sale of water for twenty years when the project would revert to the ownership of the people interested.

The first payment of one-twentieth of the cost would be made when the work is finished and the water turned on to the farms. This would mean an outlay of about \$4 million, a Covina insurance man. The men injured were Clarence Pearl, Claude Grover and Charles Clarke. All are at the hospital today, seriously injured.

At this turn a car, occupied by parties unknown, turned turtle last night, beside the highway, suffering a broken axle. Another car was wrecked at this point two weeks ago, and recently a Covina ranchman failed to make the turn and demolished a \$2000 car.

A movement has been started to tap the Pacific Light and Power cable at this corner, and a large light pole is being erected at the junction of these boulevards.

WOMAN BURNED IN DEATH FIRE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

EL CENTRO, May 28.—With a prayer cloth as a noose and with another prisoner in the same cell, Galum Rael, an Arab accused of fatally shooting a Hindu, near Calexico, who had sued him, ended his life by hanging this morning in the County Jail.

In subject fear of his life, because prisoners in the tank had accused him of informing Deputy Sheriff Cummings of a jail-break plan, the Mohammedan had been placed in a detached cell with Frederick Jenkins, an I.W.O., charged with defacing billboards.

During the night Galum swung his belt over a ceiling pipe. The strap broke under him. He took his prayer cloth, when Jenkins awakened he saw the ghastly face peering down at him and his howl brought deputies running.

TAX-LEVY ELECTION.

(LOCAL CORRESPONDENCE.)

HERMOSA BEACH, May 28.—The musical temperament of the voters here will be put to the test tomorrow in an election to decide upon a tax levy for music, parks and advertising. The proposition to be voted upon as put up to the voters is a 15-cent increase in the levy to provide the Board of Trustees with a fund to be expended in giving the city adequate publicity, to provide for additional parking for the city and for the purpose of giving the city either a municipal band or such other musical attraction as might be designated by the board.

UNTRIED CHIEF MAY QUIT JOB.

BETTER PAY IN OTHER PURSUITS OUTWEIGHS CIVIC OFFER. FIGHT IN VAIN.

(LOCAL CORRESPONDENCE.)

POMONA, May 28.—According to a well-defined rumor in circulation today, Tom Ovington, who was elected Chief of Police in a red-hot Council meeting two weeks ago, to take office June 1, has filed his resignation with City Clerk Trotter, because the Knights of Pythias Lodge, for which he has been doing deputy work, has offered him more money than the police office pays.

This sudden turn in the tide of City Hall affairs created an interesting local political situation. The supposition is that Mr. Ovington could be induced to stand for re-election after his resignation from the office has been accepted by the Council, providing the Council raises the Chief of Police salary from \$100 to \$150 per month.

As a matter of fact, Mr. Ovington was elected by Mayor Vandegrift and Councilmen William McMullen and David Ewart over the vote of Police Chief Higgs. Mr. Ovington is a former member of the Police Board, and was opposed by Mr. Ovington and likewise occupied the position of Police Commissioner Higgs and Revenue, it is doubtful if he would vote to increase the salary of the chief's office, while Mr. Higgs is rather inclined to favor increasing the pay of each patrolman to the extent of \$3 per month rather than increasing the Chief's pay.

If Mr. Ovington throws up the job that was handed to him on a platter by his political friends, it will leave a split Council with the job of fighting over the election of another Chief of Police. A compromise may name Albert Lytes, now acting Chief.

At the time Mr. Ovington was elected Police Commissioner Higgs and Mr. Burditt voted for Frank Slanker as Chief, but were voted down, three to two.

FESTIVAL OF FLOWERS AND GLENDALE FRUIT

(LOCAL CORRESPONDENCE.)

GLENDALE, May 28.—Embowered in a gorgeous setting of flowers and greenery, Mrs. Barbara Mitchell, Queen of the Festival of Fruits and Flowers, today held imperial sway over the thousands of citizens and guests who thronged the streets and exhibit rooms of Glendale.

Gaily decorated with flags and bunting, the city presents a gala appearance. Yellow and green, the colors of the Tuesday Afternoon Club, under whose auspices the festival is being held—yellow and green streamers are everywhere. Children are using yellow and green hair ribbons, restaurant proprietors are dishing out delectable yellow and green salads and entrees, display windows in stores are dressed in the same popular colors.

For a "first attempt" the flower show is a remarkable success and will be made an annual affair from this time on.

Eight women's clubs from neighboring cities competed for the most attractive display of flowers. The Sierra Madre Woman's Club, winning first prize with a delightful display in brown and gold. The basket was designed by Mrs. Jack H. Wright.

Circling Buzzard Points Way to Searchers—Man Dies with Help Near By.

BAKERSFIELD, May 28.—The body of Ed Lewis, the motorcyclist who had been missing since a week ago last Sunday, was found yesterday in a lonely ravine on the western slope of Greenhorn Mountain within a mile and a half of the ice plant, where he had been able to locate his way to it, he would have found food and shelter. The body was badly decomposed and almost unrecognizable.

The searchers were guided to the spot by the presence of a buzzard circling overhead.

For ten days posers have been beating over the mountains for Lewis, who lost his way by mistaking the road and leaving the main highway for a blind trail at the ice plant on Greenhorn Mountain, while on an endurance trial trip. His companions reached home safely.

His motorcycle was found demolished eight miles from where he left the main road. Lewis was a single man 31 years old. His parents live in Los Angeles and three cousins live here. He was employed in a local cycloery.

WHITTIER'S CHAUNTAQUA.

(LOCAL CORRESPONDENCE.)

First Feature of the Kind in the Quaker Town Draws Thousands. Monday Evening.

WHITTIER, May 28.—Whittier's first Chautauqua is now in full swing, and is drawing crowds beyond the largest expectations of its promoters and sponsors. Opening Tuesday evening, each session has proved the great popularity of the programme. Entertainment, music and solid lectures make a course that appeals to all.

Probably 200 persons attended the opening of the week's programme Tuesday evening.

Today was Chautauqua Day and the famous Italian band appeared in a full programme in the afternoon, while "The Traviata" was given this evening.

Father Patrick J. MacCorry will be the big attraction tomorrow, appearing in the evening. Three sessions a day will keep things moving except there will be no session Sunday forenoon. The week's programme will close Monday evening with the Swiss Yodelers and with Evelyn Bargell, cartoonist.

HANGED IN JAIL.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

EL CENTRO, May 28.—With a prayer cloth as a noose and with another prisoner in the same cell, Galum Rael, an Arab accused of fatally shooting a Hindu, near Calexico, who had sued him, ended his life by hanging this morning in the County Jail.

In subject fear of his life, because prisoners in the tank had accused him of informing Deputy Sheriff Cummings of a jail-break plan, the Mohammedan had been placed in a detached cell with Frederick Jenkins, an I.W.O., charged with defacing billboards.

During the night Galum swung his belt over a ceiling pipe. The strap broke under him. He took his prayer cloth, when Jenkins awakened he saw the ghastly face peering down at him and his howl brought deputies running.

TAX-LEVY ELECTION.

(LOCAL CORRESPONDENCE.)

HERMOSA BEACH, May 28.—The musical temperament of the voters here will be put to the test tomorrow in an election to decide upon a tax levy for music, parks and advertising. The proposition to be voted upon as put up to the voters is a 15-cent increase in the levy to provide the Board of Trustees with a fund to be expended in giving the city adequate publicity, to provide for additional parking for the city and for the purpose of giving the city either a municipal band or such other musical attraction as might be designated by the board.

LAUGHS, THEN DIES.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, May 28.—An hour after Mrs. Henrietta Reikart, aged 80 years, laughed and joked with the members of her family, she died last night from a sudden, acute attack of pneumonia. A physician was called, but his efforts proved of no avail and the aged woman passed away before her family fully realized what was happening.

INSPECT UNIVERSITY.

(LOCAL CORRESPONDENCE.)

REDLANDS, May 28.—Redlands was invaded by Baptists yesterday when 350 of the delegates who have been attending the convention at Los Angeles came here to inspect the University of Redlands. There were more on the special train than were expected, but all were taken care of.

DROWNED IN DITCH.

(LOCAL CORRESPONDENCE.)

SANTA ANA, May 28.—While irrigating at 8 o'clock this evening, a Santa Ana man, fell face downward in a small ditch and was drowned in Mr. Reuter's orchard at his home on Grand avenue. Mr. Reuter came to the scene and found the body.

RIP VAN WINKLE SLEEP BROKEN BY CONSTABLE.

(LOCAL CORRESPONDENCE.)

CLAREMONT, May 28.—At the end of a long, hot, dusty tramp over the hills, Constable Frank Slanker today found E. D. Shaw of this place, who had been missing from his home at Harrison and Mountain avenues for two days. The officer found the man lying face downward under a tree in the mountains, fast asleep. When awakened he hadn't the slightest idea where he was and was glad to go home. He was sent to bed and a physician was called at once. He appears to be suffering from nervous trouble. Worry over the war is said to have caused him to wander away from home. It is said that he is sound financially and that his home conditions are pleasant.

Mr. Shaw, who resides on a ranch, disappeared from home between midnight and daybreak two days ago. The family did not institute a search until he had been gone twenty-four hours. When the constable was finally called

Goto Church Tomorrow

"The innermost nature of mankind, if given free course, craves sacred places and sacred things. The atmosphere in a church is pure and wholesome. As a young man I found pure and wholesome companionship which generated an ambition to build up a character worth while. I found men of tried and true development who were glad to lend the support of their enviable standing among men to any young man desiring such support and proving himself sincere and worthy. On arriving at a later stage of development I found young men looking to me for the same support and guidance and I found it an added pleasure to be of some use in the world along those lines. It has always seemed to me to be essential that parents should possess the habit as an incentive to their children to lay the foundation for true character. But above all, the Creator of mankind demands recognition; and divine worship on the Sabbath day is the surest and most satisfactory method of meeting that demand. And while it is never too late, the habit formed early in life will add much to the retrospective view in advancing years."
